SUBJ: DDR Accuses Hans GLOBKE of Nazi Crimes
REF: []

The Press Digest of 3 August 1960 contained the following item based on Kol Haam article:

"The East German paper Neues Deutschland has linked Israel's capture of Eichmann with the charges levelled by Prof. A. Norden against Hans Glubka, Secretary of State of Western Germany. The paper charged that Eichmann built his policies on the legal insanities of the barbarian mind of Glubka.

"Kol Haam calls on public circles in Israel and the Israeli Government to demand from the Bonn Government that it expel this Nazi criminal from his post and have him brought to trial."
