2. Since Honduran peace plan encompasses so many of the points we have been advocating as part of a possible CADC arms limitation declaration, we wonder if some official USG words of public endorsement might be in order. We could qualify our support in whatever way we wished; but it appears to us that basic thrust could be positive. GOH would certainly welcome such support. It would also help reciprocate numerous times we seek their backing for ~~one~~ one or another of our policy positions. Our expression could be in the form of statement by Department spokesman.
