

Meeting w/ President Zia, in Rawalpindi, 3/1/79  
 WC, SSO, Thornton, Kreisberg, Puklos, Lamb  
 Kimmel, Conable (DCM), Aziz Shai, Shanaway,  
 Labay

~~to~~

1. Very pleasant pleasures. Zia very friendly + impressive physically.
2. WC - Conveys Pres. Carter's regards etc. Shows an ability to help in economic sphere.

~~to~~ Gives talking points re. aid, PL-480 + debt rescheduling.

[I stop taking notes]

~~to~~

1<sup>st</sup> Planning in Islamabad, 3/2/79 w/ Foreign Ministry. Their side led by Aziz Shai

I. India

normalization has been carried as far as possible.

Tom - "Which 10 years?"  
 1965-75 ±

Valid point. "Become the dominant power?"  
 They are already.

But Indians do pose doubt standard

How do Indians reconcile "non-alignment" with their treaty w/ Soviets?

It doesn't commit them to anything. Also, Desai put it down

Tom - Are Pathans usually light skinned?  
 Relatively so.

If you were President of Pakistan, would you seek to develop nuclear weapons?  
 Yes, but I would be acting irrationally  
 I agree.

Alpha Shabi says in several different ways that there is ~~double~~ a double standard in our treatment of India & Pakistan re @ arms @ reprocessing

MC: Goes over the nuclear ground in tough terms

AS: Characterizes our position as an ultimatum. We're ready to enter into ~~the~~ SANWFZ

If India is not prepared, we can go w/ multilateral declaration. If ~~that~~ we won't buy ~~that~~, we're ready for reciprocal inspection of India.

we cannot accept survey team. Says Piskering would be a one man survey team.

Humel: No. It can be for purpose of keeping discussion alive here Islamabad. He will not attempt to visit installations here

AS: F-5 as good as night  
interceptors + we need that  
in view of Jaguars night  
strike capability.

Says Pak "is not capable of  
pursuing a nuclear option".

Whatever nuclear facilities are  
of any significance are already  
inspected.

"We are committed" to not using  
reprocessing capability to make  
nuclear weapons
