Subject: Re: FOIA Revision

Monty,

Per our discussion please revise our FOIA's to include the basic contract, the modification that exercises each Option Year (which would include the new rates), and the latest modification which would include (from what I understand) an overview or matrix of the labor hours. Please let your contract folks know that if they have any questions, please contact me. Thanks Jeff Stachewicz, 703-461-3805
