SUBJECT: Information Related To Dispersion Modeling

DECA

HQ-RIN-00469-95

Due: 2/9/95

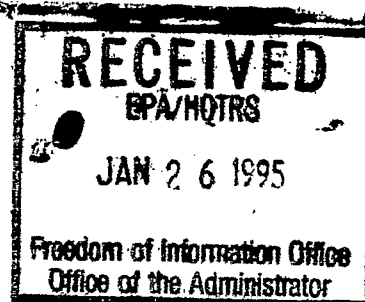

An individual working for EPCRA at the EPCRA hotline gave me your name as a contact to inquire about receiving information related to air dispersion models. Specifically he said there was literature or other documentation related to the "AIRS" model. Could you please send me any information that you make available to the public about the methods of the model or any other related information.

Thank You for your assistance.

Please contact me if you have any questions.
