I believe that I am a victim of identity theft, something showed up on my credit report that does not belong to me, and I am trying to find out the who and why. I am aware that I am entitled to a free credit report once a year from all sources that one can obtain a report from. But every time I try to get a copy they say I have to pay for it, a high price at that, could you please be of some assistance.

thank you, Melvin ray
