TOP SECRET

November 11, 1965

Dear Mr. Prime Minister:

Your letter of August 5, 1965 proposes three amendments in the Memorandum setting forth the understandings between our Governments on consultation regarding use of nuclear weapons in order to bring the Memorandum into consonance with current NATO planning for use of nuclear weapons to be stored in the United Kingdom. The amendments would make it clear that all NATO-assigned or earmarked forces in the United Kingdom which are supported with United States nuclear weapons would be covered by the Memorandum instead of only those forces assigned to SACEUR.

I am agreeable to the amendments as proposed and hereby confirm that the Memorandum so amended sets forth accurately my view of our understandings on consultation and on the NATO forces coming within the scope of the consultation.

Sincerely,

The Right Honorable Harold Wilson Prime Minister London
