Subject: FW: Space Imaging contract

This is a FOIA request that may not have come to you.

-----Original Message-----

Subject: RE: Space Imaging contract

You can respond:

A copy of the agreement will not available until after final negotiations are complete (expected later this year). Also, based on FOIA law, some parts may be considered proprietary and would not be able to be released without the contractor's permission. We will put your name on a list and provide a copy when available. You are welcome to check status at any time. You should correspond directly with our media officers and/or both of whom are Cc... on this message.

Dave

[Message]

I am interested in getting a copy of the NGA/NIMA's ClearView contract with Space Imaging worth \$120 million over three years.

Thank you,

Kelly Yamanouchi (303) 820-1488
