MEMORANDUM FOR:

THE SECRETARY OF STATE
DIRECTOR, ARMS CONTROL AND
DISARMAMENT AGENCY

SUBJECT: Declassification of "Fact of" Satellite
Reconnaissance

In keeping with our agreement on June 29 to task the NSC Policy Review Committee to examine this subject, I plan to defer forwarding your memo to the President on this subject until the PRC has reviewed this matter. In addition to the tasking memo (TAB A) which I forwarded to Frank Press as the Chairman of the PRC for Space Affairs, Frank has agreed to separate out the "Fact of" issue for earliest treatment by the PRC. As members of the PRC your views, of course, will bear heavily on final recommendations to the President.
