UNIVERSITY HEARING BOARD

The University Hearing Board (UHB) is designed to provide a prompt, fair decision in serious disciplinary cases. UHB members play an integral role in determining the facts of individual cases and recommending appropriate sanctions for violations of the “Code of Student Conduct.” UHB members take part in training related to the policies and procedures of the “Code of Student Conduct,” how to ask probing questions, make proper sanction recommendations, and build a consensus with other members of the Board in each case. UHB members are, in part, responsible for ensuring that respondents receive a fair and impartial hearing, and UHB members play an integral role in fostering development and growth among the student community. UHB members have the opportunity to regularly participate in disciplinary proceedings throughout the entire calendar year.
