Cinema Club Film Screening: First Turkmen Culture Club

Turkmenistan's rich culture is less well-known than those great empires who contributed to it, but Turkmenistan has produced its own fascinating - though under-appreciated - art, music, literature, and cinema.

The Turkmen Culture Club welcomes you to explore and experience the creole of deep, desert-isolated nomadic heritage, the ‘Lost Enlightenment’ of Islamic Central Asia, and the influences of European and Asian civilizations and philosophies, reflected through the creative vision of Turkmen authors and artists.

We will be viewing two Turkmen documentary films from Soviet Times directed by Murad Aliyev:

*The Story of One Run (1986)*
*Aura (1987)*
